COMPLAINT

U.S. DISTRICT COURT
DISTRICT OF VERMONT
FILED
2019 MAY 28 PM 4:18
CLERK
BY AM
DEPUTY CLERK

Green Mountain Care has repeatedly denied me transportation to medical facilities for care

First to Dartmouth Hitchcock Medical Center for neurosurgical care alleging University of Vermont Medical Center is much closer and apropos for my care. I have advised I cannot go there because the neuro-surgical care and/or department has discriminated horrendously against me in the past. In fact in 2009 refused to see me at all I was in acute pain. And in fact I was forced to leave Vermont and go elsewhere as I knew without removing the impingement of L5 on S1 nerve would cause me to become a paraplegic.

COMPLAINT CONTINUED

Princess C. Montpelier
Plaintiff

Green Mountain Care
Defendant

The discrimination I have suffered from the neurosurgical department at the University of Vermont Medical Center will be part of a separate action

I proffer receipt for \$115⁶⁸/₁₀₀
(one hundred fifteen dollars and ^{sixty eight}/₁₀₀)
as proof of my expenses on May 21st 2009
for a trip to Dartmouth Hitchcock in Lebanon,
New Hampshire and identified as Exhibit 'A'

I requested transportation to New York City to see Dr. T Photopsaltis, the primary surgeon, within a team of three, who performed extensive and complex surgery on December 14th, 2018. And this trip denied for May 23rd, 2019 because he is not within the Vermont Network and no record of previous transportation. I have argued Dr Photopsaltis leaves in New York and operates in New York City all to no avail or logical response

I am being denied post-operative care, I opine, by individuals whom do not have the ability to analytically think logically and/or clearly.

Jurisdiction

I opine the United States District Court
For the District of Vermont has the
appropo jurisdiction because I know
the Federal government contributes to
medicaid of each state. And currently
the State of Vermont is not delivering

May 24th, 2019 Prince & Montpelier

CLAIMS

As stated within my complaint Green Mountain Care is denying me transportation to reach medical entities I need for my continued and apropro health care.

#1 First to Dartmouth Hitchcock Medical Center
in Lebanon, New Hampshire

#2 Second to 333 East 38th Street
New York City, New York
to follow up with Dr. Themistokles Protopsaltis
the primary surgeon of an extended
and complex surgery of December 14, 2018

RELIEF

I wish for the court to instruct Green Mountain Care to provide me with the transportation need to my apropro deserved medical appointments And if not, to reimburse me with expenses for transportation including hotel expense as necessary
